## BRIDE BUT 13.

Successful Elopement of Young Crofton Couple.

Were Married at Dover, Tenn., After Many Vicissitudes.

Walter Fowler, a young man 21 years old, eloped from Crofton Friday with Miss Kate Boxley, a daughter of Mr. Julian Boxley, who will not be 14 years old until next March.

Mr. Boxley had frustrated a previous attempt to elope before and at once telephoned to all neighboring towns to head them off. They went to Nortonville and took the fast night train, which does not stop at Crofton, and went to Clarksburg, Tenn. The clerk had been telephoned there and they left for Dover, where they succeeded in getting married. They returned Sunday night to Nortonville, where they were still stopping with relatives yesterday. Mr. Boxley's objections were on account of the girl's extreme youth, as Fowler is a hard working young man of good habits. The young people will probably be forgiven promptly. The bride was a school girl, a mere child in appearance.

## NARROW ESCAPE

Of Brother and Sister Who Were Accompanying Corpse.

While a daughter and son of Mr. Geo. L. Owen were enroute to Gracely Sunday morning, accompanying the remains of their brother, their horse ran off and they had a very narrow escape. They were driving along on East Seventh street, near Highland Chapel, when the animal became frightened at some object. Young Owen attempted to stop the horse, but the lines broke and he was thrown out. His hip, shoulder and left hand were injured, but he will recover. The animal proceeded up the road at break-neck speed, when he was met by Luther Dandridge, col., who hit the animal on the head with a rock, knocking him down. Miss Mary Owen, at this juncture, jumped from the vehicle and escaped injury. The horse, after recovering from the blow, ran some distance before he was caught.

The buggy was demolished and the animal was badly cut on the legs and breast.

The other three cases in town, Mrs. Guthrie, Mrs. Ferguson and Mr. Cason, are rapidly recovering. There has been another outbreak of the disease at Gracely and many negroes are said to be walking about with their faces covered with eruptions. It is a mild type and does not seem to make them sick enough to go to bed.
